## The New Job Search

Looking for a job is not what it was even a few years ago. Successful job seekers understand a new type of job search is required in this new economy.

The foundational pieces such as a powerful resume, strong interview skills and market research remain critical but it doesn't stop there.

This 30 day program gets you off to a quick start with a custom program designed with your coach just for you.

Heather Bradley is an amazing coach. Her technical skills combine with great intuitive sense to give her fantastic insight to her clients. She was able to help bring tremendous clarity to work I was doing and helped hold me accountable to reach the goals I set for the coachin. Highest of recommendations!

## About TFC

The effective job search has changed in the new economy. Outplacement needs have changed as a result.

We at The Flourishing Company are on the front-lines. Armed with current market experience, we offer a proven system to get each person off to a fast start and provide on-going support through their transition.

World-class coaches are assembled to support the unique requirements of each client.

## Need a Less Structured Solution?

If you want to work with a coach but prefer to design a program from scratch, just give us a call. TFC coaches have extensive experience and will help co-create a customized coaching solution based on your goals, urgency and budget.

## Is Group Coaching For You?

Group coaching is a cost-effective way to work with an experienced coach and build your network at the same time. Give us a call to register for the next group.
